## Request to witness sampling

---

To: Fuel Supplier / Supplier's Representative

Installation:

Address:

Country:

Grade Ordered:

Bunkering Date:

Sampling Point:

This vessel uses the VPS Fuel Test service for checking the quality of the fuels delivered to it. The Plant's staff will be carefully drawing a representative sample during the course of this delivery operation. The sample will be drawn as a continuous drip sample at the point of Custody Transfer.

The sample will then be split into three parts bottled, labelled and sealed and distributed as follows:

- One bottle will be forwarded to VPS for analysis.  
Seal Number(s):
- The second bottle will be offered to the fuel supplier.  
Seal Number(s):
- The third bottle will be retained at the installation.  
Seal Number(s):
- Cubitainer  
Seal Number(s):

In view of the importance of taking a representative sample of the fuel being delivered, we hereby request a representative from yourselves, or a representative acting on your behalf, to witness sample-taking and the subsequent labelling and sealing of the sample bottles.
