

# Power Plant Sample Detail e-Form

Important : This form must be fully completed and together with a copy of the delivery ticket sent with the fuel sample

To be filled in by Power Plant staff				For laboratory use		
Object	Name :			Sample number		
	Country :					
Billing	Analysis for account :	Owner	Operator	Analysis		
	Company name :					
Fuel Delivery Information	Specification ordered :			Pending		
	Fuel Supplier :			Delay		
	Delivered by :			Full	Cut off	
	Quantity bunkered :		MT	LOI	Other	
	Delivery date :			Type	V	O
Sampling Information	Sampling date :			C		
	Sampling point :			Label		
	Sampling method :			VPS	MARPOL	
	Sample distribution	Seal numbers		FSC	Other	
	To laboratory :			Non VPS	No label	
	To supplier :			Ch. Eng	Y	N
	Retained at Plant :			Supplier	Y	N
Receipt Date			@	Seal intact		
	Viscosity :		@	Y	N	
	Sulfur :			Extra seal info		
Machinery Report	Problems using previous fuel :					
	Date previous fuel received:					
	Excessive/unusual smoke		Drop in engine power			
	Fuel pumps & injectors		Clogging of filters			
	Cylinder & exhaust system fouling		Clogging of separators			
	Ignition/combustion		High liner & piston wear			
	Lacquering		Increased water at tank drains			
Others (please specify below)
